The Kid Who Wanted To Be King Finally Wears The Crown

As a kid, the best part of my Faire Brat life was marauding the streets of the shire as Tomfoolery The Chicken Boy of York, spreading mirth, merriment, mayhem, chaos and shenanigans.

Then The Fools Guild Took Me In!!!

I spent my childhood in the dust at the feet of great Faire comedy legends.

I stood in awe of their antics! I watched and memorized their shows, I followed them around, made a pest of myself, and learned all that I could just by basking in the comedic glory of the likes of Billy Scudder, David Springhorn, Sandy Grinn, Billy Barrett, Mark Q, Mackey, Jack Tate, Johnathan Cripple, Andy Davis, and of course, MOST of all, my Dad, The Great Gary Morgan.

I wanted to BE them when I grew up... And they assured me that the key to being them was never growing up.

Then the season would end and I would return to life without a chicken on my head, the fools that encouraged me, or the crowd that appreciated my boyish antics.

One of the greatest things in the default world was to find THE JOKER waiting in the mailbox! A connection to the kingdom! Hearing from the Fools and Kings of things that would inform and influence my future of funny! Oh the things I learned from these sacred parchments.

I memorized and quoted the folly that I read and became a master of injecting and infecting conversations with the cockamamie contents of this publication.

Then at long long last, they crowned me their King!! So here and now I give you a selection of the King's favorite funnies that forged the fabric of my foolery! I dearly hope you enjoy perusing this Issue of Nostalgia collected and curated by me for your curious contemplation of our past palooka perfection.

As we look to the future, let us not forget to revel in the past, lovingly leaning forward, enriched by our memories.

Because everything old is new again!!

Your King,

Cock n' Bells
Master of Misrule Mirth and Mayhem

"WHAT KIND OF A MAN READS THE JOKER" ?

He's a man of distinction... a man who's not afraid to take a fashion risk. He knows that there is no shame in picking your nose or scratching your arse in public.

He's a man who only has taste in his mouth... and you too can be just like him.

So be unique. Be individual. Bring down property values, and get interesting loo reading in the deal.

ASK DOCTOR PHUNNY

Dear Dr. Phunny-
Which is funnier, a loud fart or S. B. D.? -**Paul Myfinger**

Dear Paul-
All farts are funny and healthy. Practice both styles and use your discretion as to which mode better serves the particular situation. Oh, and Paul, while you're at it, get a life!

Dear Dr. Phunny-
I'm a full time clown. I've been considering getting my clown face tattooed on. Do you think I should? - **Committed**

Dear Committed-
Yes, you could get your clown face tattooed on, but instead, why not just tattoo the words "Total Fucking Loser" on your forehead?

Dear Dr. Phunny-
Which is better for pies in the face, shaving cream or whipped cream? -**First of May**

Dear First-
Whipped cream can stain costumes, sour and stink up the place really quickly. Shaving cream is preferred by many joeys but keep the menthol level as low as possible so as to minimize eye-sting. There is also non-dairy whipped stuff in a can. I was going to try this but I sucked all the nitrous oxide out of the can rendering both myself and the can useless.

Dear Dr. Phunny-
I think my room mate, a practical joker, is punching holes in my condoms. Can I take legal action? -**Suspicious**

Dear Suspicious-
I'm a phony Doctor, not a phony lawyer, you twit!

Dr. U. R. Phunny is a card carrying fool and member in good standing of the AMA (Armpit Musicians Association)

TOP TEN REASONS WHY JUGGLING IS BETTER THAN SEX

by Billy Q. Barrett

10. You don't have to buy your partner dinner first
9. You can do it in public without getting arrested
8. It's easier to talk your partner into a three-way
7. You can keep going after your climax
6. You don't get applause after you have sex (well anyway, I don't)
5. Juggling cannot cause an unwanted pregnancy
4. Juggling cannot transmit a deadly disease
3. In juggling, with two balls you can keep it up indefinitely
2. You may juggle legally with minors

And the Number One reason why juggling is better than sex:

1. Except for at IJA Festivals, you don't have to pay to juggle

Dear Dr. Phunny-
My friend told me that I could get colon cancer from xeroxing my butt too much, is this true? -**Moonstruck**

Dear Moonstruck-
Your "friend" has their head up their respective ass. Keep xeroxing your butt as much as you like. Just be courteous and Windex the glass before and after each sitting.

Dear Dr. Phunny-
I do a lot of stilt-walking. How often should I wash my knee-pads? -**Stinky knees**

Dear SK-
You can wash kneepads? Wow.

Dear Dr. Phunny-
I perform at open mike nights several times a week. My routine involves sound effects and close mike work. Will I catch any S. T. D. if I touch the mike to my mouth? -**Mike Sucker**

Dear Mike-
You are dead!

1. "I need more men."

Too often, we lose sight of life's simple pleasures...
Remember when someone annoys you
it takes 42 muscles to frown
But it only takes 4 muscles to
extend your arm and whack them in the head.

Kung Foolishness

From a list of English subtitles used in films made in Hong Kong. Compiled by Stefan Hammond and Mike Wilkins for their book *Sex & Zen & a Bullet in the Head*, to be published in August by Fireside. These were cited in Harper's June, 1996 issue.

- I am damn unsatisfied to be killed in this way.
- Fatty, you with your thick face have hurt my instep.
- Gun wounds again?
- Same old rules: no eyes, no groin.
- A normal person wouldn't steal pituitaries.
- Damn, I'll burn you into a BBQ chicken!
- Take my advice, or I'll spank you without pants.
- Who gave you the nerve to get killed here?
- Quiet or I'll blow your throat up.
- You always use violence. I should've ordered glutinous rice chicken.
- I'll fire aimlessly if you don't come out!
- You daring lousy guy.
- Beat him out of recognizable shape!
- I have been scared shitless too much lately.
- I got knife scars more than the number of your leg's hair!
- Beware! Your bones are going to be disconnected.
- How can you use my intestines as a gift?
- The bullets inside are very hot. Why do I feel so cold?

ASTROLOGICAL FOOLCAST

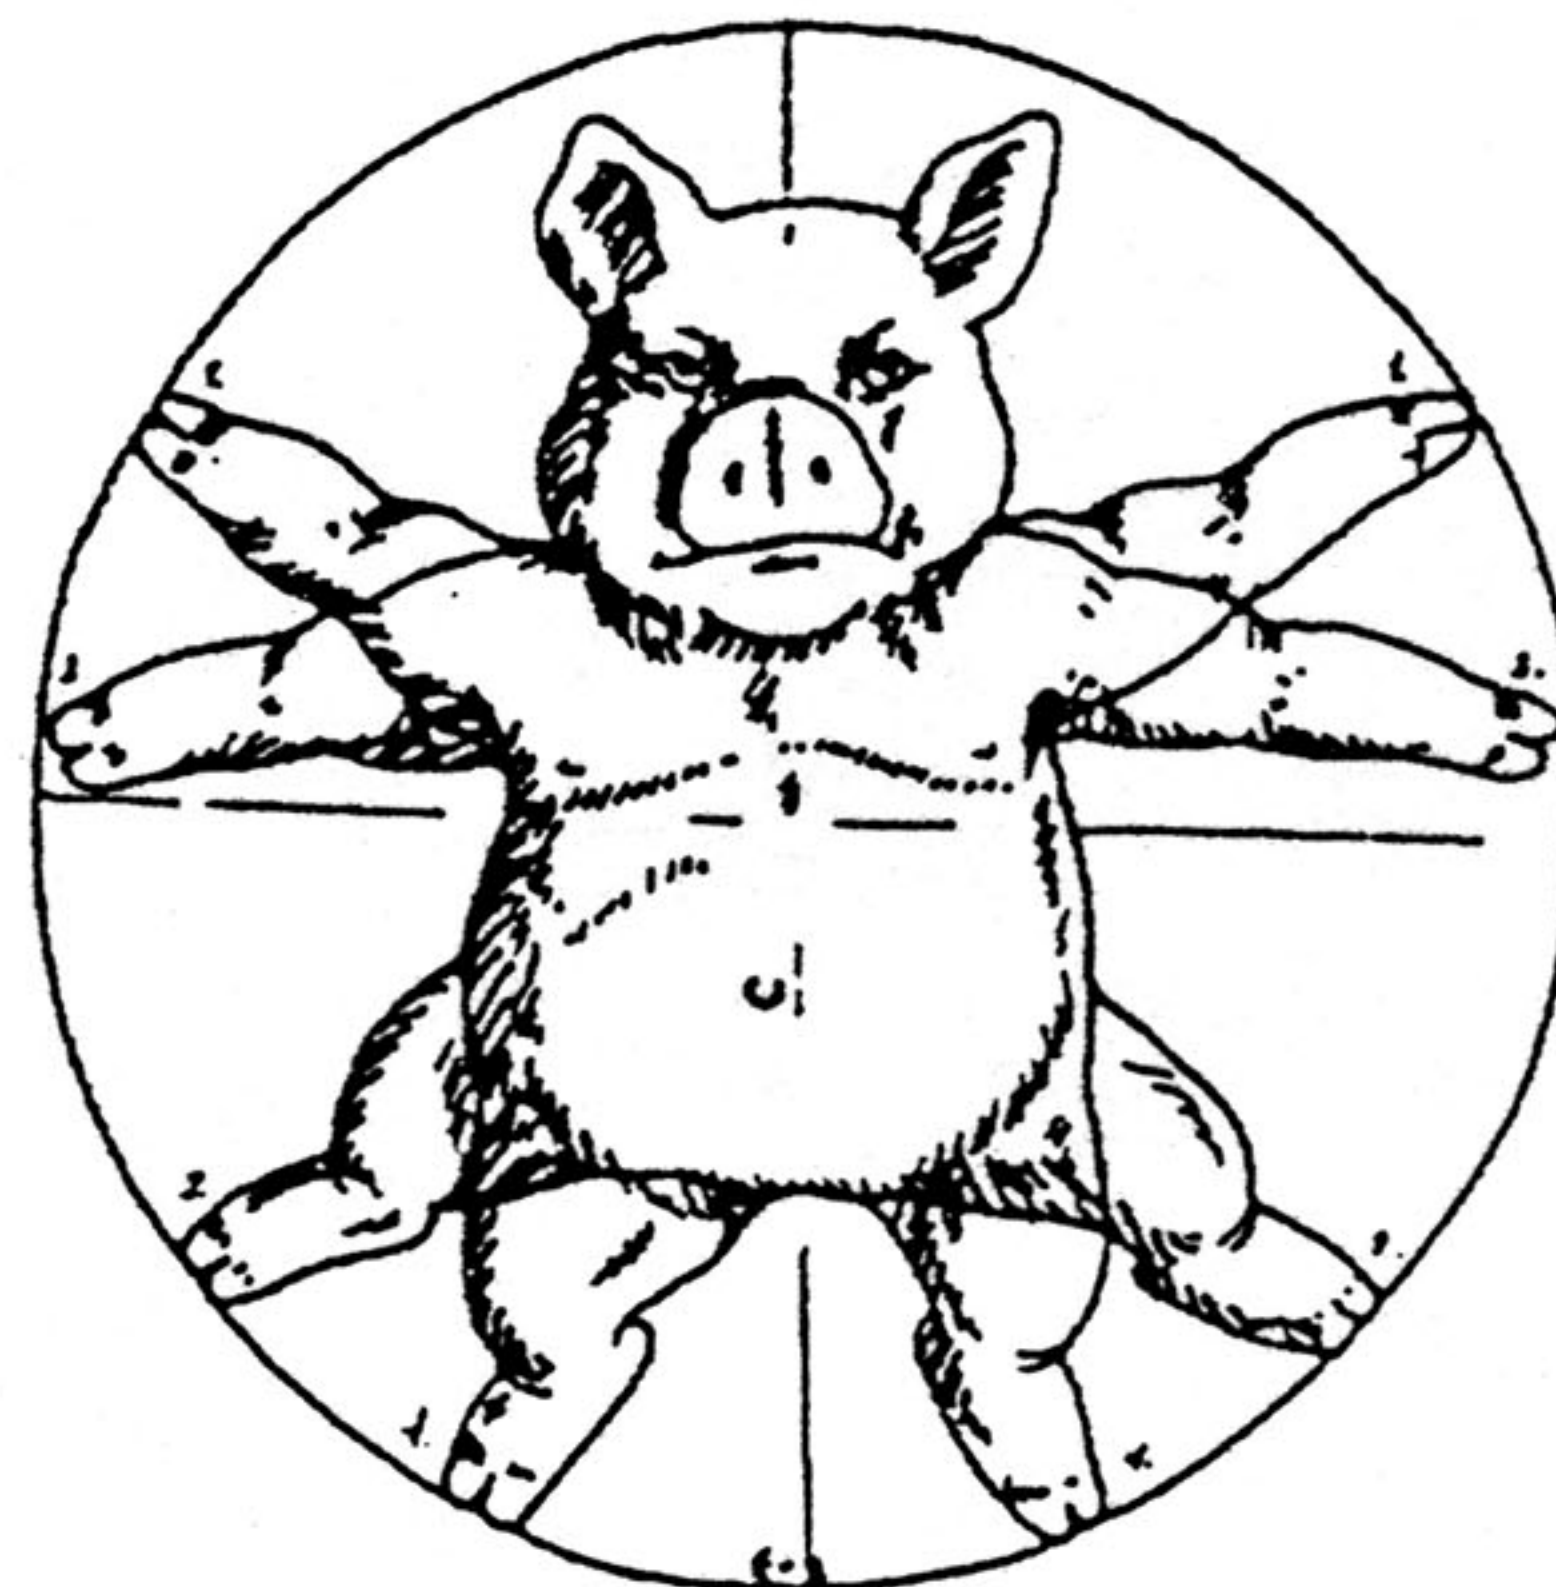

by Billy Q. Barrett

LEO (July 23 - Aug. 22): Venus entering Scorpio makes your nipples hard on the 19th. A pleasant surprise comes in the form of an unexpected gift of exotic fungus from several strangers dressed as barbarians at a Renaissance festival before the Full Moon. Don't look a gift horse in the mouth. Mormons selling penis enlargers are to be avoided until the 19th. *Tonight: Melt your rubber chickens.*

VIRGO (Aug. 23 - Sept. 22): A romantic encounter involving a pornographic priestess and pre-moistened towellettes causes turmoil and cold fusion at work. Six planets in your seventh house means you have a lot of houses. Now is a great time to pawn off old electrical stimulation devices on unsuspecting yokels. Pass the hat after lighting your farts at a cattle call audition next Tuesday and rake it in. *Tonight: Chuck E. Cheese.*

LIBRA (Sept. 23 - Oct. 22): Disassociate yourself from anybody you know who liked the last Mike Myers movie. God, it was awful. You are ruled by Venus, goddess of French kissing and rich desserts. Your solar eleventh house of friends and social life is Leo, so eat only raw horsemeat at all parties where it is offered this month. You are charming, sociable, intelligent and gullible. In fact did you know that the word gullible is

not in the dictionary. Capricorn rules the fourth house of family in your solar chart so perform Gaelic limericks at your locale Karaoke bar and buy a round of Killians Red, just don't drink any. *Tonight: Unclog your arteries.*

SCORPIO (Oct. 23 - Nov. 22): Buy your niece that perfect gift for her birthday. New Faire Slut Barbie, comes with her own laminated camping pass and a burlap bagfull of really little condoms. The 12th, 16th and yesterday are all good times to have your tattoos gold leafed by undocumented day laborers. Confusion and contusions highlight an impromptu acupuncture session during a rollercoaster ride on the Full Moon. *Tonight: Go to Zzyzx Road.*

SAGITTARIUS (Nov. 23 - Dec. 21): Stick to the name brands, despite a midnight epiphany that reveals to you that Evian spelled backwards is "naive". You prevail in an argument with a tinseltown neophyte when you insist that a director's cut has nothing to do

with on-set flatulence. Hocking loogies from atop a freeway overpass with a new acquaintance could lead to lava lamps and Cheeze Whiz on the cusp. *Tonight: Form a Bar Mitzvah band.*

CAPRICORN (Dec. 22 - Jan. 19): Be wary of Virgos selling used vibrators. Pierce all your body parts that start with the letter "p" at sunset while cleaning your oven. Pluto is trine Goofy in your first house of suede so give your poor dog a bone in order to maintain domestic blisters. The arrow through the head gag is always a good idea on job interviews. Show the world you are in touch with your inner dog, bark and howl on your outgoing message until the cats complain. *Tonight: Feng Shui.*

AQUARIUS (Jan. 20 - Feb. 18): Spray gallons of seltzer on anyone who thinks you are immature and prone to excess. Your hot mulled potato salad is a big hit at the Hollywood Bowl so feel free to moon the conductor between movements. When you're feeling lonely at the end of the month try pounding pomegranates or auditioning finger puppets. *Tonight: Visit another Whoopee Cushion Website.*

PISCES (Feb. 19 - Mar. 20): Acting on impulse and wielding plastic may lead to overpriced software and pineapple salsa.

ASTROLOGICAL FOOLCAST

...continued from the previous page

While your old Mercury is in retrograde avoid the urge to suck other peoples butts even if they are big, brown and from Havana—get your own damn cigars! Despite excellent alignment of stars, gargling with Compound W will not remove your infected tonsils. Consult a member of a Commedia del Arte troupe and do the exact opposite of what they suggest. *Tonight: Adopt a highway.*

ARIES (Mar. 21 - April 19): Be wary of Virgos selling used vibrators. Wear pumpkin on the ninth, not a pumpkin, just the color. Challenge strangers to darts when you're truly blasted but avoid valet parking on alternate Wednesdays when Mexican food is involved. Practicing handstands in fresh elephant shit may not be as good as it sounds until the end of the millennium. *Tonight: Pluck unwanted facial hair.*

TAURUS (April 20 - May 20): The recent malfunction of both your "silly string" and your "fart in a can" at crucial moments has you down in the dumps. Cheer up by taking yourself to the bookstore and buying a best seller like *The Big Book Of Blow Jobs*. Pretending you're left-handed will lead to a serious rendezvous involving hot mustard and cuckoo clocks. *Tonight: Cream in your coffee.*

Do not trust this face.

GEMINI (May 21 - June 20): When Moon is in opposition to Mars at the end of the month you may find it hard to buckle down and get serious so try unbuckling and getting silly. Look for the girl with the Sun in her eyes and she's gone. Fill a Jacuzzi with Miracle Whip and relax while watching old Cock & Feathers videos (call me if you need some). *Tonight: Patchwork lingerie.*

CANCER (June 21 - July 22): You gain a deep sense of satisfaction from slapping a "morning person" who insists on being cheery before noon. An impromptu game of "strip darts" with a sadistic Aries may encourage small pricks during the waxing of the leg. Your first date with that chat room chum goes as smoothly as space station docking. *Tonight: Perfect your Elvis impression while jumping through a hogshead of real fire.*

Eight Ways to Annoy the Person Next to You on the Plane

1. Call the flight attendant "nurse."
2. Describe everything you observe into a tiny tape recorder in a low, suspicious voice.
3. Yell out, "William Shatner is on the wing!"
4. Start singing the Shari Lewis theme, "This is the song that never ends..." repeatedly. Become panicky; scrawl "help me" on a piece of paper. Thrash around in your seat, clawing at your throat.
5. Hang tiny draperies over the window. Put doilies on the armrests and a "Home Sweet Home" sampler on the seat in front of you. Offer tea to your fellow passengers.
6. Open a bag stuffed with pipe cleaners, styrofoam, construction paper and glue. Make a craft likeness of the person setting next to you. Give yourself an "F."
7. Speak in an incredibly fake Australian accent. Call the person "mate." Tell them you're not used to seeing the sky since you are from "down under." Keep repeating quotes from *Crocodile Dundee* such as "That's not a knife, THIS is a knife," until they say your are not Australian. Call them prejudiced.
8. Take a poloroid of them and put it into an album with other pictures. Say "Some cultures believe that when you take someone's picture, you own their soul," while smiling maniacally.

Money Better Than Exposure

A recent study from the Journal of Recent American Studies suggests that most performers would rather get paid well for their work instead of getting shafted up the butt or lied to or treated like some kind of ignorant scum.
